"Where soccer never sleeps"

Club History

The Strathroy-Caradoc Minor Soccer Association (SMSA), a not for profit organization has governed, fostered and promoted the game of soccer to Strathroy and area children for over forty-five years. The SMSA realizes that the lifeblood of our organization has been, and remains the dedication of the many volunteers, the parents and especially the tremendous support received from the local businesses, industries and service clubs, whom without, we could not exist.

In recent years, the SMSA, with the guidance of the Strathroy-Caradoc Recreation Department, has developed the Middlesex United Soccer Program, which provides all participants with the opportunity to enjoy the beautiful game of soccer, at the level of their choice. The SMSAs house-league program provides the feeder system at the younger age groups, in addition to being the development center for those players not quite ready to jump into the competitive field.

The Strathroy-Caradoc Minor Soccer Association is dedicated to developing players, coaches and referees, through nationally recognized programs.

Sponsoring youth soccer is a great way to help our community's children enjoy a healthy, recreational, energetic sport that develops skill and abilities for sport as well as life.
